Summary

Passionate and self-taught media professional with over **18 years of experience** in photography, videography, video editing, graphic design, and drone operation. Skilled in working with NGOs, media networks, and humanitarian organizations, capturing powerful visuals that tell real human stories. Proven ability to manage complete media production cycles - from field shoots to post production - with minimal resources and maximum impact. Known for reliability, creativity, and strong commitment to social impact through visual storytelling.

Experience

ARY Network

Photographer - Graphic Designer

2014 - Jan 2017

Karachi, Pakistan

- ◆ Provided photography coverage across various flagship programs, including *Criminal Most Wanted* and *Shan-e-Ramzan* during the holy month.
- ◆ Sole photographer responsible for documentation of ARY’s welfare wing *Ehsaas Trust/Foundation*, covering events, campaigns, and humanitarian activities.
- ◆ Designed promotional and internal use graphics for various programs and social campaigns.
- ◆ Collaborated closely with production and editorial teams for event-based and on-location shoots.
- ◆ Maintained photo archives and ensured high-resolution post-processing for media publishing.

Sindh Development Organization (SDO)

Media Manager

2017 - 2025

Sindh, Pakistan

- ◆ Led all media-related operations across multiple humanitarian and development projects in partnership with NGOs such as Jigsaw Charity, Anzal Begum Foundation, and Minhaj Welfare Foundation.
- ◆ Planned, captured, and edited high-quality photo and video content showcasing field activities including clean water installation (hand pumps, solar-powered boreholes), low-cost housing construction, and livelihood projects such as rickshaw distribution.
- ◆ Operated drone cameras for aerial documentation of project sites, enhancing the visual impact of reports and proposals.
- ◆ Designed visual reports and communication materials for client reporting, fundraising, and social media.
- ◆ Maintained full control over end-to-end media production: photography, videography, drone footage, video editing, and archiving.
- ◆ Coordinated directly with project teams to ensure accurate and timely field coverage across Sindh’s remote areas.
